**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who has chosen to take advantage of the competitive marketplace provided by the current regulations. I have been very happy with this option - much happier than when my DSL and phone were provided by the majors.

The options I have access to are of at least as good quality, and at a better price than my previous service. Additionally, the customer service is vastly better, and pricing is more transparent.

Furthermore, my local competitive provider is investing heavily in technological upgrades, and I am looking forward to taking advantage of their fiber service in the near future. That will be impossible without the revenue bridge that they currently rely on to make these large infrastructure investments.

Remember your mandate is to serve the people, not the corporate behemoths.

Thank you,

Mark Davis
